RESOLUTION NO. _____

RESOLUTION DIRECTING THE COUNTY MANAGER TO INSTRUCT THE DEPARTMENT OF PLANNING AND ZONING TO INITIATE A COUNTY-WIDE PUBLIC DIALOGUE ON FUTURE LAND USE IN MIAMI-DADE COUNTY, TO CONDUCT STUDIES, AND TO PREPARE AND SUBMIT A COMPREHENSIVE PLAN AND IMPLEMENTING REGULATIONS FOR THE DISTRIBUTION OF PROJECTED COUNTY-WIDE POPULATION GROWTH IN BOTH THE INCORPORATED AND UNINCORPORATED AREAS OF MIAMI-DADE COUNTY, AND TO IDENTIFY AND ALLOCATE FUNDING TO ACCOMPLISH SUCH MEASURES

WHEREAS, population growth in Miami-Dade County over the next ten- to twenty-year timeframe is projected to average 30,000 people each year, culminating in an estimated population of over 3,000,000 persons in the year 2025; and

WHEREAS, over the last fifteen years, nine areas of unincorporated Miami-Dade County have become incorporated as new municipalities, and a number of other areas have also requested consideration for incorporation, reflecting a continuing trend toward self-governance at the closest local level; and

WHEREAS, as a result of a number of factors, including the incorporation movement, a greater number of persons now reside in the incorporated area of the county than in the unincorporated area; and

WHEREAS, good comprehensive planning recognizes that there are constraints that circumscribe the geographical extent to which urbanized development can occur in Miami-Dade County, including not only environmental constraints, but also the practical, financial constraints

of delivering affordable public services and facilities such as transportation and mass transit, water and sewer, police and fire services, and schools; and

WHEREAS, because the unincorporated area of Miami-Dade County cannot expand indefinitely to absorb the projected population growth, proper comprehensive planning requires a truly county-wide approach to the distribution of that projected growth; and

WHEREAS, Miami-Dade County is at the crossroads of land use planning opportunity, facing a choice between becoming a truly vibrant cosmopolitan, livable community and the alternative of growing in poorly planned development patterns that will diminish the quality of life; and

WHEREAS, the last County-wide open public dialogue on land use planning took place more than 25 years ago, and today there is a renewed interest in the community at large to be engaged directly in providing input to direct future growth; and

WHEREAS, the need for County-wide planning including such public input has never been greater; and

WHEREAS, the Miami-Dade County Home Rule Charter authorizes the Board of County Commissioners to “prepare and enforce comprehensive plans for the development of the county,” and further instructs the director of the department of planning to conduct county-wide studies and prepare for the Board’s consideration both “a master plan for the welfare, recreational, economic, and physical development of the county,” and also to prepare and submit land use regulations establishing minimum standards for both the incorporated and unincorporated areas,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that, consistent with its

authority and responsibility under the Home Rule Charter of Miami-Dade County, this Board hereby directs the County Manager to instruct the Department of Planning and Zoning to initiate a County-wide public dialogue on future land use planning for this County, to conduct such county-wide studies as are necessary and appropriate to prepare a comprehensive plan for the distribution of future population growth on a county-wide basis, and upon completion of such dialogue and studies to submit a county-wide plan and implementing regulations for this Board's consideration. This Board further directs the County Manager to identify and allocate appropriate funding to accomplish those measures.
